Residential Pool
Permit Application

Required Documentation

Permit No. _____

- Completed Application. Incomplete applications will not be processed.
Recorded Deed. A copy of the recorded deed is required with submittal. Applications must include signature of owner listed on attached deed.
Building Plans. Plans must include a plan of the pool, specifying the dimensions and an electrical plan. Plans will not be returned.
Site Plan. Site plan must show existing and proposed structures, streets, lot dimensions, pool dimensions, and setback distances.
No separate electrical permit shall be required for new construction. Decks shall require a separate permit.
Building and Site plans shall be submitted electronically and one scaled hard copy.

Notes

Certification & Notice of Intent to Comply

The applicant affirms under the penalties of perjury that (1) the foregoing representations are true and correct; (2) the required plot plan and construction plans are complete and accurate; (3) applicant will be responsible for all applicable laws and ordinances; (4) applicant understands that approval of the plans and issuance of permits does not obviate the need to comply with applicable laws and ordinances; (5) applicant grants Town Officials to enter onto the property listed in this application for the purpose of inspecting work permitted by this application and posting notices; (6) applicant agrees that the construction will not be used or occupied until proper certificates of occupancy have been issued; and (7) applicant agrees to hold harmless the Town of Ellettsville for any losses, claims, or liability resulting from applicant, applicant's agent, principle, contractor, subcontractor or supplier's errors of omission.

Certification I certify that the information contained in this form is complete and accurate.
